Commissioner for Patents

The reply filed on March 15, 2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant submits that the instant marker was not allowed to be claimed in Patent No. 6,811,729 and that it is structurally different than that shown in the -729 patent—ie, the other arts claimed in No. -729. However, the instant claim and that claimed in -729 is/was directed to a method, not a marker. Clarification is required as to why applicant believes the instant method is distinct from that set forth in patent-729 and as to what these "Other arts" are in -729. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
